### Wholesale Customers (Master Meter)

**Consumption Surcharge (dollars per 1,000 gallons)\*** \$0.50

\* A minimum amount of use will not be surcharged. Minimum use will be calculated by multiplying equivalent residential taps in a Master Meter District by the monthly single family residential minimum use allowed above (3,500).

### Raw Water Customers\*

**Consumption Surcharge (dollars per 1,000 gallons)\*\*** \$0.15

\* Customers whose consumption has not been reduced a certain percentage by contract will be levied a surcharge.

\*\* A minimum amount of use will not be surcharged. Minimum use will be 70% of average winter-time use.

### Irrigation Customers

**Consumption Surcharge (dollars per 1,000 gallons)** \$0.75

All consumption will be surcharged \$0.75 for each 1,000 gallons.
